

NJESTA Membership

There are three dues payment options. The multiyear plans involve a reduction in dues for the member and should make it easier to take care of and continue uninterrupted membership in the Association. The choice is yours; the Association encourages you to "enlist" for one of the available terms and thereby to support education about Planet Earth. Membership is not restricted to classroom teachers only. It is open to anyone involved, now or in the past, with science education. For current members, the date after your name on the mailing label of Omega indicates the expiration date and your current membership status.

Membership dues:

| | |
|-------------|------|
| One Year | \$15 |
| Two Years | \$27 |
| Three Years | \$35 |
| Students | \$5 |

Make checks payable to: NJESTA
